

STORAGE SECURITY

GOLD BULLION BOX (GB BOX)

Tamper-Evidence Storage

Reinforced and user-friendly structure for security storage applications.

Gold Bullion Box is manufactured with high-impact plastic material and reinforced metal handles for rigid and durable properties. It has a tamper-resistant slide-on security lid with one sealing latch. Cable and plastic indicative seals are perfect to secure the Gold Bullion Box. The box is feasible and versatile for all kinds of asset.

Applications:

- Defense & Law Enforcement
- High-value Retail
- Chemical & Pharmaceutical
- Casino & Gaming

PREVENTION · PROTECTION · PEACE OF MIND

- 1 Gold Bullion Box is moulded with high-impact plastic materials to show clear tampering signs and withstand rough handling for multiple usage
- 2 The slide-on lid is easy to apply and can be further secured either with cable or plastic indicative seals.
- 3 The lid is designed with a space-saving nesting feature.
- 4 The plastic coated reinforced metal handles are foldable when nesting.
- 5 Irreversible identifiers such as name, logo, barcode, serial number and QR code can be laser marked on the lid and the side.
