SECURING THE GLOBAL SUPPLY CHAIN

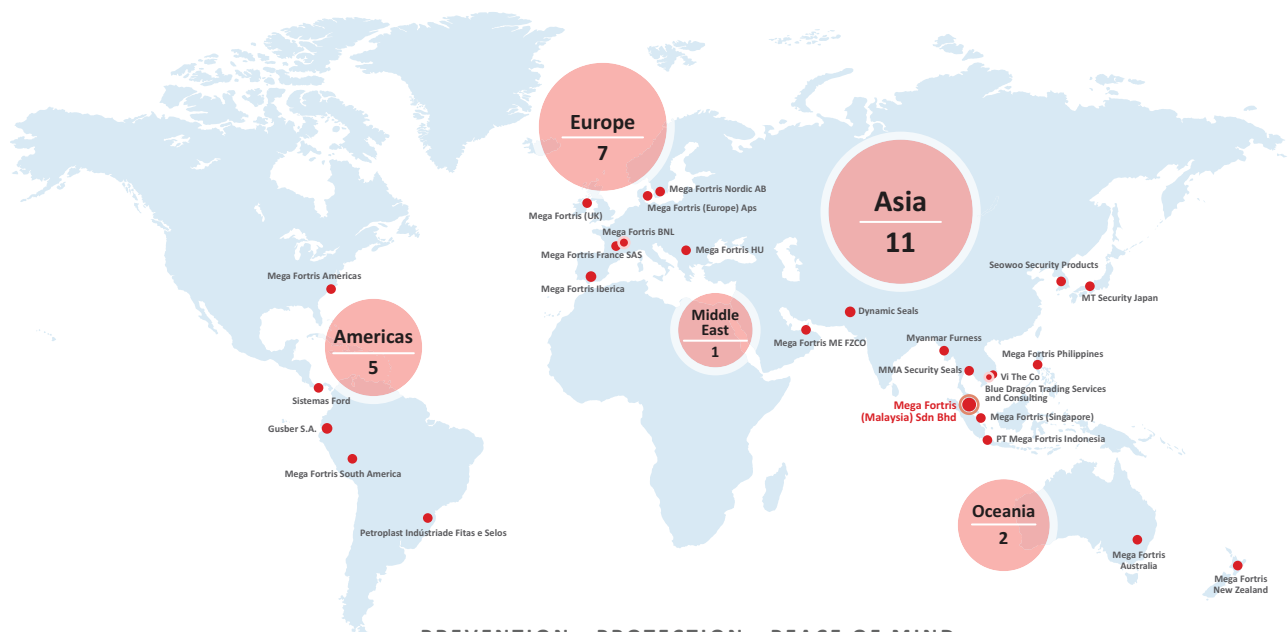

Preferred World Class Supplier
In The Security Seals Industry

Mega Fortris was established in 1996 as a specialised developer and manufacturer of security seals. The company is one of the largest global manufacturers of container bolt seals, security seals, tamper-evident products, and complete solutions for the securing of goods-in-transit. The versatility and efficiency of our products and services have made Mega Fortris the preferred supplier to industry leaders within the transportation, manufacturing, hospitality and leisure, banking, oil, gas and chemicals, health care, and communication sectors. Mega Fortris also partners with customs departments, defence departments, and other government agencies around the world. Today, Mega Fortris is recognised as a global supplier of high-quality tamper-evident solutions. Our offices span more than 25 countries and are supported by a wide network of authorised distributors.

Environmental Commitment

Mega Fortris Group of Companies has always been committed to developing products that support a sustainable environment and contribute to a better future for all. Globally we are the pioneer in introducing biodegradable options for our customers, holding hand in hand to reduce the plastic impact. Mega Fortris has achieved this by collaborating with Biosphere and incorporating biodegradable additives into our full range of Polypropylene (PP) and Nylon (NY) plastic security seals. Without compromising on functionality or our signature high-shelf and service life, products that are made with BioSphere plastic additives comply with ISO 14021:2016 "Environmental labels and declarations" under the definition of "Biodegradable". Now our plastic seals secure the global supply chain and leave no footprint.

Mega Secure Boxes

The Mega Secure Box is designed for a wide range of applications in the hospitality and entertainment, financial services, retail and police sectors. With easy manual locking, high visibility of tamper attempts, and the ability of quick visual inspection of the seal and box contents, the security box is a strong and effective addition to any security system. The boxes can be paired with a range of seals for further security.

Applications encouraged in:

- Advanced security in the hospitality and entertainment sector
- Banking and securing currency
- Retail and goods protection
- Law enforcement

Gold Bullion Box

The boxes are designed to easily secure and move goods, especially in harsh conditions. They are lightweight, durable and rigid, hence suitable to contain heavy items. The boxes are recyclable, reusable and water-resistant, making them suitable for all industries and purposes. With a special lid-closing mechanism, the user can also add a security seal to secure the box and monitor for any possible tampering.

Applications include the securing of:

- Documents and samples
- Drugs and pharmaceutical products
- Retail goods
- Food and beverage
- Electronics and more.

Security / Tote Boxes

 Biodegradable material is available upon request

Tamper-Evident Bag, ICAO Bag

Our TE bags are made of co-ex film, which is resistant to oil, water, and rough handling and is 100% recyclable. TE bags, pouches, and envelopes are tough enough to withstand regular handling while also being delicate enough to trigger tell-tale signs of tampering.

Applications include the securing of

- Cash deposits / Cash-in-transit
- Confidential documents
- Police / Forensic evidence
- Duty-free tamper-evident bags

Reusable Security Bags

All bags can be customised and manufactured into various sizes, shapes, colors, windows, handles (with constructive requirement subject to review). Our reusable bags can be made from various fabric materials such as PVC, polyester, nylon and canvas.

The unique feature of this bag is the locking via reverse zipping terminal with a fully closed chamber system. Secured on the closed chamber with a unique sequential numbered security seal, it works to prevent tampering and is highly tamper-evident.

Tamper-Evident Tapes

Tamper-Evident Labels

Tamper-Evident Tapes and Labels

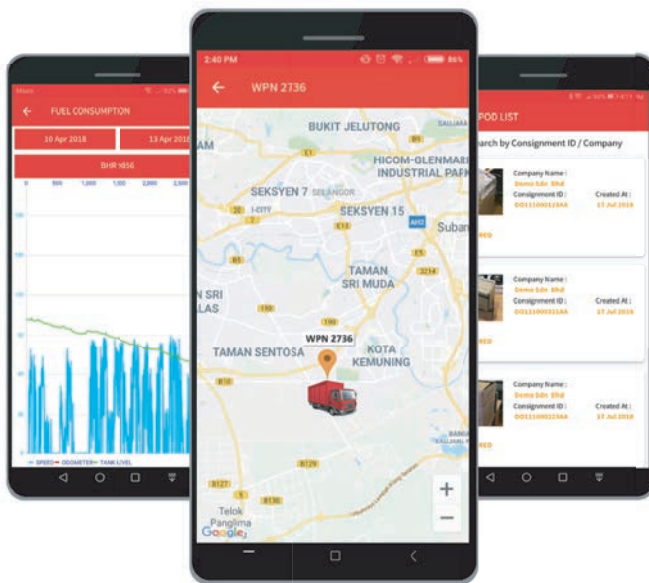

These high-quality adhesive TE tapes & labels are suitable for either indoor or outdoor use. Heat and freeze-resistant, they are also resistant to freon gas. When peeled, a hidden message is revealed to indicate tampering or removal.

Applications include the securing of:

- Confidential documents
- Security envelopes
- Evidence bags
- Utility meters and timers
- Cash boxes and ATMs
- Ballot boxes
- Canisters and drums
- Food and beverage containers

Mega Fortris Internet-of-Things (IoT) is designed by Mega Fortris with in-house services to enable users with comprehensive trip management and data analytics of their fleet.
